Annotouch sample worksheet

Hold Space and move the pointer to draw; release to stop.

01 Work through a calculation

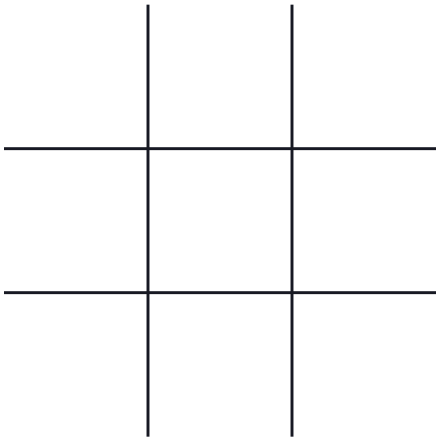
Evaluate the definite integral using integration by parts. Show your steps.

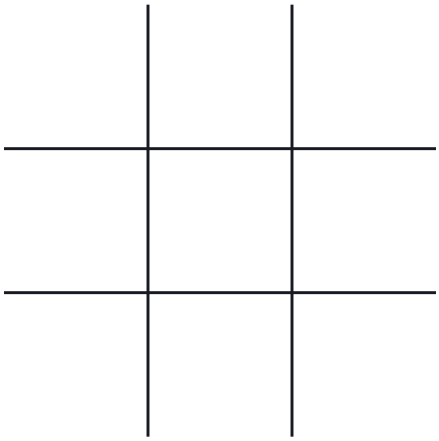
$$\int_0^1 \frac{x^2}{e^x}\,dx$$

YOUR WORK

02 Take a quick game break

Play tic-tac-toe with a friend. Draw your own Xs and Os.





Read. Mark. Think.

03 Underline what matters

Underline the key claims or terms in this short passage.

Good notes do more than repeat a page. They connect new ideas to what you already know. A question in the margin can reveal a gap in understanding; a short summary can make an argument easier to remember. Leave room to return with a fresh thought.

04 Have a conversation with a quote

Add a question, a connection, or a disagreement in the open margins.

> "I went to the woods because
> I wished to live deliberately..."

Henry David Thoreau

Walden (1854), excerpt

YOUR RESPONSE

Make your mark.

05 Strike out the wrong answers

For each question, cross out both wrong options. Leave the correct one.

Which number is prime?

A. 21 B. 29 C. 39

Which unit measures electrical resistance?

A. Volt B. Watt C. Ohm

06 Trace a little landscape

Follow the light dashed outlines. Add a detail of your own if you like.

07 Sign it your way

Try a signature, initials, or a tiny personal mark.
